

Principle

Powder grinding by means of the friction and impact effect of grinding balls. Dry and wet grinding possible.

Manufacturer	Netzsch
Rotation speed	Max. 190 rpm
Max. mixing container	3 L
Max. loading	4 x 300 g
Grinding balls	Steel: 2 - 20 mm Hard metal: 8 - 15 mm
Special feature	Grinding bowls are tilted, resulting in a higher grinding effect and better mixing
