

# Testing Machine for Tensile Tests

## Inspekttable 100

### Principle

Testing machine for uniaxial-compression and bending tests.

---

<b>Manufacturer</b>	Hegewald & Peschke
<b>Year of Construction</b>	2009
<b>3- and 4-Point-Bending</b>	20 - 300 mm distance between supports
<b>Uniaxial Compression Test</b>	Cellular and dens samples
<b>Force Sensor</b>	5 kN, 100 kN
<b>Distance Measurement</b>	Videoextensometer (Limes), Traverse
<b>Calibration</b>	annually ( <i>last 18.09.2017</i> )
<b>Accuracy Class</b>	0.5
