

Sinter-based AM Component Award

Call for Entries

Additive Manufacturing, like no other production technology, has received immense public attention these last few years, thanks to the potential to change industrial production.

To highlight the many advantages of sinter-based AM at the workshop's tabletop exhibition, we would like to invite all participants to submit sinter-based AM parts for our Component Award competition at the 2022 Sinter-based AM workshop.

The first three winners will receive 5 minutes presentation time during the workshop where they may present their company and their sinter-based AM activities to all attendees.

The winners will also be presented in Fraunhofer IFAM's Social Media accounts and mentioned in all publications that are related to the 2022 workshop.

Terms of participation

Eligible for participation:

All natural persons, companies, institutes or co-operation teams consisting of members from science and commerce who attend the 2022 workshop. Participants must hold the copyrights for their submission(s) and must not violate existing rights of third parties.

Each participant can submit a maximum of three components.

Participation is free of charge.

Criteria

- Material
- Design
- Economical aspects
- Application

Deadline for entries

In order to participate in the competition, the components must be shipped to:

Fraunhofer IFAM
Claus Aumund-Kopp
Wiener Strasse 12
28359 Bremen, Germany

prior to Wednesday, 31st August. Please fill out a separate entry form for each submitted component.

Component Award 2022

Sinter-based AM Component Award 2022
